(This set of electronic studio flash units has been kindly donated to the MIPP by PHOTOIMAGES (photoimages@maltanet.net) of Laurent Ropa Street, Birkirkara, who are under the management of Matthew Briffa. Photoimages are the distributors of Interfit lighting and a host of other accessories useful for both the hobbyist and the professional photographer.

IMPORTANT: INSTRUCTIONS FOR USE:

1. Make sure to check all the kit before on rental to ensure all is in the right working order.
2. Check Inventory List
3. It is highly important to handle the lights with care particularly after usage, when bulbs are still hot. Avoid sharp knocks and rough handling of the box when the kit is repacked.
4. After a session, give ample time for lights to cool down before dismantling.
